To Whom It May Concern:

This is to Certify, That on the 7th day of September, 1916, we examined the Nursery Stock of J. G. Harrison & Sons, growing in their nurseries at Berlin, County of Worcester, State of Maryland, in accordance with the laws of Maryland, 1898, Chapter 289, Section 58, and that said nurseries and premises are apparently free, so far as can be determined by inspection, from the San José Scale, Peach Yellows, Pear Blight, and other dangerously injurious insect pests and plant diseases.
